

Durable chair with classic shapes

Jig is a sustainable chair in a classic design that offers good comfort and many selection options.

Thanks to its simple shape, it has the flexibility to fit in a number of spaces, and is ideal for e.g. classrooms, training facilities, conference rooms, canteens, cafés and simple meeting rooms.

A stable chair with a steel tubing frame and a comfortable back in moulded wood. It is also available in a fully upholstered version with a back and seat in fabric for a soft and warm feel. Available with armrests for comfortable arm support. With armrests, it is also suspendable, which frees up space and facilitates cleaning. It is also available with a writing top, which provides a functional and easily accessible writing surface that saves space. Jig is stackable and linkable, making it easy to bring out, rearrange and put away as needed. Create a personal look by choosing between different fabric and frame colours from Kinnarps Colour Studio.

Functions & options

ARMRESTS

Jig can be supplemented with armrests to provide comfortable support for the arms. The armrests make it easy to hang the chair on tables to facilitate cleaning.

UPHOLSTERED SEAT AND BACK

The seat and back are available upholstered for a soft and comfortable sitting position. Choose fabrics from Kinnarps Colour Studio.

SUSPENDABLE

With armrests, Jig can be hung on tables, which frees up floor space and facilitates cleaning. Can also be hung without armrests by flipping the chair.

STACKABLE

Jig is stackable, creating changeable environments and providing space-efficient solutions.

WRITING TOP

Jig is available with a folding and removable writing top, which provides a functional and easily accessible writing surface that saves space.

CONNECTORS

For connecting Jig in a row. The bracket is easily attached to/unattached from the chair.

FELT GLIDE

If the chair is to be placed on hard flooring, adding felt glides under the legs will reduce scraping and provide a quieter acoustic environment.

PLASTIC GLIDES

Jig has stable, plastic glides.

Colours & materials

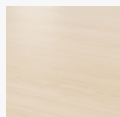

Kinnarps Colour Studio (KCS) is our range of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. This is a well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.

For more information about colours and materials, please visit kinnarps.com/design-tools/colours-materials/?type=soft_materials.
